This couple arrived in this city on March 25, having been sent here by the National Refugee Service for resettlement.

Mr. and Mrs. Frankel are an attractive, young couple, who speak English without difficulty.

Mr. Frankel did office work in Germany. The members of the Committee are making an effort to place him as a salesman.

Mrs. Frankel graduated from a School in Paris as a dress designer. She also received a diploma for draping and pattern making. She had some temporary positions in New York as a dress designer. She states that she can also do dress making and that she is a commercial artist.

The Frankels have a furnished room, but these surroundings are not satisfactory and they are anxious to get a small, furnished apartment.

SEEKS TO REPAY AMERICA

New Orleans States Photo.
WHEN HITLER'S army entered Austria two years ago confiscated the great iron firm owned by his family for generations and placing his father and brother in concentration camps, IRWIN FRANKL, member of a well-known Jewish family of Vienna, could do nothing but flee to America. Today, Frankl, shown here with his bride of a year, seeks to repay his adopted land by joining the United States Army. He left today with the troops for Camp Beauregard.
